Hear from local
community experts
regarding seniors in the
West Valley who are lacking
life basics like food security
and companionship.

Learn how Meals of Joy and our
70+ passionate volunteers collaborate
with local hospitals, case managers,
and social workers, to identify and serve
those seniors who are falling through
the cracks of basic daily needs,
or even feeling seen.

You will learn, and perhaps be
surprised, at some very simple ways
you can make a real difference.

We know how blessed we are
and we can ALL DO SOMETHING!
